

T-LINK™

**DESIGNED TO WORK WITH
YOU, NOT AGAINST YOU!**

T-LINK®

RPB® T-LINK®. DESIGNED TO WORK WITH YOU, NOT AGAINST YOU!

Working longer stints never felt this good. Gone are the days of having to fight against a Tyvek® respirator. The RPB® T-Link® has been designed to assist you in your work, moving with you wherever you turn.

Below are just some of the features:

- The Tyvek® cover is securely attached to the helmet system ensuring it will never blow up off your head!
- The large viewing window enables you to operate with a widened perspective, featuring exceptional downward and peripheral vision.
- The soft, breathable inner-bib and extra tuck-in collar directs air down your body to aid cooling.

The T-Link®'s padded head-liner and head suspension system provides comfort and balanced weight distribution, making it feel lighter as there are no pressure points on your head. Being fully adjustable ensures the respirator fits securely and moves with your head, allowing you to work freely without having to worry about the hood getting in the way or messing up your fresh paint job. It is simply everything you could want in a painting respirator.

The T-Link® is certified to the standards below and conforms to AS/NZS 1716:2012, AS/NZS 1337.1:2010, AS/NZS 1801:1997.

OPTIONAL COMFORT-LINK™ FIT SYSTEM

The Comfort-Link™ is an optional, fully-adjustable fit system that allows total control of helmet and head placement as well as making sure the T-Link® moves with your head.

1-866-494-4599 | rpbsafety.com

ISO9001
CERTIFIED COMPANY

Comfortable head suspension can be adjusted for height and distance from visor.

Option of bump cap or hard hat protection.

2 cape materials available:
Dupont™ Tychem® 2000,
Dupont™ Tychem® 4000.

Breathing tube easily attaches to respirator and swivels to eliminate tangles.

Air deflector to adjust the air direction inside the respirator.

Ratchet adjustment from the outside of the hood (except Tychem® 4000 version).

Optional ANSI Z87.1 approved safety lens.

Soft, breathable inner-bib.

Large viewing window.

Long tuck-in collar for extra protection and upper body air flow.

Fixed lens frame ensures the lens will never hit your nose.

Crystal clear peel-off lenses available.

Made in USA.
