

88E Series Airline Respirator

The Bullard 88E Series airline respirators offer comfortable, reliable respiratory protection for abrasive blasters and painters.

- ANSI Head Protection
- Comfortable Fit
- Wide Field of Vision
- Abrasive Rebound Protection to Head, Neck and Upper Torso.
- 1000 APF

The 88E Series Advantage

Greater Protection

88E Series airline respirators provide greater protection than negative pressure, air-purifying respirators. The snug, yet comfortable, sewn-in neck cuff provides a physical barrier to airborne contaminants and helps maintain positive pressure within the helmet.

Comfortable Fit

Bullard's lightweight inner shell with an adjustable headband suspension holds the respirator firmly and comfortably on the wearer's head. Airflow is channeled directly to the user's breathing zone for easy breathing. The helmet easily accommodates beards, prescription eye wear or safety glasses. No fit testing is required.

Head Protection

The helmet provides top impact and penetration protection. The helmet and cape help protect the worker's entire head, face and upper body from abrasive rebound, airborne contaminants and messy overspray.

Optimum Visibility

The wide-angle faceshield lens and headband suspension system are positioned for optimum visibility. With the translucent, yellow helmet, workers don't experience a closed-in feeling.

Component Concept

Bullard's 88E Series airline respirator consists of four components.

1. Respirator helmet with breathing tube
2. Cape
3. Flow Control Device
4. Air Supply Hose (supplying Grade "D" or higher air)

88E Series Airline Respirator

88E Ordering Information

Assemblies - Include Helmet, Breathing Tube, Cape, and Flow Control with Low Flow Warning Indicator

88E30	For compressed air, 6mm Hansen compatible nipple
88E39	For compressed air, 9mm European Interchange nipple

Parts & Accessories

Suspensions

88VXTGP	4-point headband suspension with sizing posts and poly brow pad (25/pkg)
88VXRTP	4-point headband suspension with Flex-Gear ratchet sizing knob and poly brow pad (25/pkg)

Capes

46VX	Tan nylon cape - 28" length
13VX	Tan nylon cape - 38" length

Flow Control

F100E	Adjustable flow control valve: low flow warning device, pressure gauge, 6mm Industrial Interchange (Hansen compatible) nipple, nylon belt
F109E	Adjustable flow control valve: low flow warning device, pressure gauge, 9mm European Interchange nipple, nylon belt
AC1000	Adjustable climate control tube: 6mm Industrial Interchange, 4612 nylon belt
HC2400	Adjustable climate control tube: 6mm Industrial Interchange, 4612 nylon belt
E30E	88E BT connector
EPG	Pressure gauge: for use with F100E or F109E flow control valves

Lenses - Inner

P771B	Acetate lens, oval, .040" thick (25/pkg)
B771B	Acetate lens, oval, .040" thick (8 pkgs of 25)

Lenses - Outer

P771020	PETG lens, oval, .020" thick (50/pkg)
P771R	PETG lens, rectangular, .015" thick (50/pkg)
B771040	Acetate lens, oval, .040" thick (8 pkgs of 25)
B771R015	PETG lens, rectangular, .015" thick (10 pkgs of 50)
B771D015	PETG lens, rectangular, .015" thick, protective film on both sides of lens (10 pkgs of 50)

Lenses - Covers

88VXLC	Perforated edge Mylar lens covers, clear (25/pkg)
--------	---

Air Supply - Hoses

46915	25' starter hose with 1/4" Snap-Tite Q.D. coupler
5457	50' extension hose
5458	100' extension hose
V52532	25' (7.6m) with 1/4" Snap-Tite steel fittings

Air Supply - Hose Adapters

V12	Hose-to-pipe, 3/8" hose to 1/4" pipe
-----	--------------------------------------

Additional Parts

20NC	Elastic chin strap
88CK	Breathing tube connector kit
88VXAK	Oval door, gasket, latch kit assembly
88VXRAK	Rectangular door, gasket, latch kit assembly
BFW	Box front adapter kit, complete (for 88 and 88VX Series only)
77GTL	Tempered glass lens for BFW
77LG	Box front lens gasket
G4613	88VXR window frame gasket, rectangular
G7713	88VXR window frame gasket, oval
4612	Belt, nylon webbing
