

NOVA 2000®

**ADVANCED ABRASIVE
BLASTING HELMET**

NOVA 2000®

ADVANCED ABRASIVE BLASTING HELMET

As the predecessor to the Nova 3®, the RPB® Nova 2000® was designed specifically for blasting, focusing on improved operator comfort to boost performance and productivity.

Featuring best-in-class hearing protection with multi-layered sound deadening foam, a streamlined air flow system and an abrasion resistant shell, the Nova 2000® meets worldwide respiratory protection standards including NIOSH, CE and AS/NZS.

Today's high safety standards in industry environments make on-site health and safety a top priority. Non-compliance or outdated equipment can likely result in unexpected costs including business disruption, injuries to valued operators and negative effects on your company's reputation. Year after year, the Nova 2000® has proven to minimize the risks to employees and businesses worldwide.

The Nova 2000® is certified to the standards below and conforms to AS/NZS 1716:2012, AS/NZS 1801:1997, AS/NZS 13371:2010.

BOOST PRODUCTIVITY

Contractors have reported a time saving of over 45 minutes per day per blaster by using the RPB® "Fit & Save™" tear-off lenses that have individually pre-folded tabs, meaning workers are guaranteed to tear off only one lens at a time.

ISO9001
CERTIFIED COMPANY

Hand strap for easy transportation and storage.

Air duct distribution system directs airflow into the breathe zone, prevents fogging and keeps workers cool.

Multi-layered sound deadening foam for hearing protection.

Super tough helmet shell that is U.V. stabilized and abrasion resistant.

Abrasion resistant cape cover band.

Large viewing window for increased vision.

Snug detachable inner bib.

Cape is securely attached with 8 snap fasteners.

Choose from 5 cape options.

*From local and globally sourced components.

NOVA 2000® TALK™

ADVANCED IN-HELMET COMMUNICATION SYSTEM

NOVA 2000® TALK™

ADVANCED IN-HELMET COMMUNICATION SYSTEM

Communicate effortlessly and safely with your fellow blasters, pot tenders and team members, without having to stop what you're doing.

The undisputed champion of industrial team radio, the RPB® Nova 2000® Talk™ has transformed the productivity, communication and safety of operators and businesses worldwide. The Nova 2000® Talk™ is a wireless communication system, ideal for users in remote locations such as crews in tanks, shipyards, water towers or any area that is difficult to access. The Nova 2000® Talk™ offers users features that include push to talk simplicity, a noise-canceling microphone and pillow foam padding.
